Business account balances are due and payable in full each month upon receipt of credit card statement.

As of the date this application was designed (shown below) the information listed was accurate. Because rates and terms are subject to change, you may contact us for current information by writing to us at **P.O. Box 20810, Wichita, KS, 67208-6810**.

¹ The Prime Rate used to determine your **ANNUAL PERCENTAGE RATE** is the Rate published in the Wall Street Journal under the "Money Rates" subsection on the last business day of the month. If the closing date of the billing cycle is not a business day, then the first business day following the closing date of the billing cycle is used.

² **A Finance Charge** will be imposed on cash advanced from the date made, or from the first day of the billing cycle in which the cash advance is posted to your account, whichever is later, and will continue to accrue on the unpaid average daily balance of such cash advances until the date of payment if paid during the same billing cycle, or until the closing date of the billing cycle, or until the closing date of the cycle preceding the date on which the entire New Balance is paid in full or until the date of payment if more than 25 days from the closing. If your account is paid in full within 25 days from the closing date of your statement, no Finance Charges will be imposed during the current billing cycle for cash advances posted to your account during previous billing cycles.

³ If your account is or becomes more than 60 days past due at any time, or is otherwise in default in regard to any provision of the **Visa Business Card Agreement**, we may immediately increase the rate to a "Monthly Periodic Rate" of 1.500% (which is a corresponding ANNUAL PERCENTAGE RATE of 18%) effective with the first day of the next billing cycle of your account.

⁴ **A Finance Change** will be imposed on Credit Purchases only if you do not pay the entire New Balance shown on your monthly statement for the previous billing cycle within 25 days from the closing date of that statement and a late fee will be charged.

⁵ **The Finance Charge** for a billing cycle is computed by applying the Monthly Periodic Rate to the average daily balance of Credit Purchases, which is determined by dividing the sum of the daily balances during the billing cycle by the number of days in the cycle. Each daily balance of Credit Purchases is determined by adding to the outstanding unpaid balance of Credit Purchases at the beginning of the billing cycle any new Credit Purchases posted to your account, and subtracting any payments as received and credits as posted to your account, but excluding any unpaid **Finance Charges**.

⁶ See Business Cardholder Agreement for alternatives to avoid said Annual Fee.
